

product information sheet

Augasorb Bitter Orange Flower

The newly created Augasorb Bitter Orange Flower flavour and fragrance ingredient has been produced by a novel extraction method, isolating the definitive suite of aromatic components from *Citrus aurantium sub. Amara*, whilst retaining an aroma true to the original material; without the need of traditional methods of production that utilise hazardous or expensive solvents.

This material is commonly used in flavourings for orange flavoured alcoholic beverages; and fragrances requiring sweet and floral characteristics, whilst also possessing the bitter note that is typical of the flower.

Botanical Source:
Citrus aurantium sub. Amara
– Flowers

CAS:
8030-28-2

FEMA:
2818

Recommended dosage:
15 ppm
